

Presentations in international conferences

1. 2019. **Invited Speaker** at Conference on “Economics – The Relational View” 27-29 November 2019, Zeppelin University (GER)Speech title: “Relational Epistemology and Methodology”
2. 2016. Looking at the skeleton of university research performance. 13th International Conference on Current Research Information Systems, CRIS2016. 9-11 June 2016, Scotland, UK.
3. 2015a. Network-based methodologies in economics. AIRS Workshop on Network-based methodologies in economics, management, and social sciences. Rome, 11th December, Department of Economic and social sciences, La Sapienza University.
4. 2013a. (co-authored with P. Angelini) Community detection and analysis in the European aerospace research area networks. ARS13 International Workshop on “Networks in space and time: Models, Data collection and Applications”, Rome, July.
5. 2013b. (co-authored with P. Angelini) Intra- and inter-regional knowledge flows in European R&D collaboration networks. T2S Conference on Technology Transfer. Bergamo, November.
6. 2013c. Is topological invariance a reasonable assumption for studying social systems too? Methodological remarks on the application of NK simulation modeling. 26th European Conference on Operational Research (EURO XXVI). Rome, July.
7. 2011a. (co-authored with A. Mastrogiorgio) Firm’s absorptive capacity and industrial clusters dynamics. ARS11 International Workshop on Collaboration Networks, Innovation Networks and Knowledge Diffusion. Salerno (Italy).
8. 2011b. (co-authored with P. Angelini) The hierarchical structure of international collaboration networks. International Workshop on Collaboration Networks, Innovation Networks and Knowledge Diffusion. Salerno (Italy).
9. 2011c. Is topological invariance an acceptable compression of complexity? Reflexions on (self-)organization in Boolean network and autopoiesis. 10th International Conference of Sociocybernetics on “Sociocybernetics and the increasing complexity of social life”. Krakow, July.
10. 2011d. (co-authored with A. Mastrogiorgio) On the nature of exaptation and the complex co-generation of objects and functions. 10th International Conference of Sociocybernetics on “Sociocybernetics and the increasing complexity of social life”. Krakow, July.
11. 2010a. (co-authored with M. Basevi) The Transformation of World Trade Patterns: A multi-methodological assessment of similarity during a decade. Sunbelt XXX Conference, Riva del Garda, Italy, July.
12. 2010b. (co-authored with M. Basevi) Reputation evaluations within inter-organizational networks. Grouping firms in terms of similar reputational position. Sunbelt XXX Conference, Riva del Garda, Italy, July.
13. 2010c. (co-authored with M. Basevi) The dynamics of knowledge transfer in industrial clusters. An application of Boolean network modeling. AIRS Congress, Fermo, Italy, October.
14. 2009. Testing the gravity model through network analysis. ETSG, Rome, September.
15. 2008a. (co-authored with E. Sevi) The effects of various forms of inter-organizational trust on competitiveness. ICE’ 14th International Conference On Concurrent Enterprising, Lisbon – Portugal, 23-25 June.
16. 2008b. On the effects of exploration and experimentation capacity on industry competitiveness: results from an agent-based simulation model. New Economic Windows 2008: Decision Theory and Choice: a complexity approach. University of Salerno, Italy, 19-20-21 June.

17. 2008c. Does email communication increase participation in decision making in organizations? First ISA Forum of Sociology. Barcelona, Spain, September 5-8.
18. 2008d. Knowledge sources for cluster firms. Evidence from six Western European industrial clusters. First ISA Forum of Sociology. Barcelona, Spain, September 5-8.
19. 2008d. On the relative advantages of efficiency and redundancy in facing with environmental shocks and the moderating effects of agents' opportunism. 14th International Congress of Cybernetics and Systems of WOSC. Wroclaw, Poland, September 9-12.
20. 2008e. (co-authored with E. Sevi) The effects of various forms of inter-organizational trust on the competitiveness of industrial clusters. 38th Congress of the International Institute of Sociology. 26-30 June, Budapest.
21. 2007a. The theory of structural interdependence some suggestions for a new theoretical framework. Workshop on Organizational Design. Bruxelles, April 16-17.
22. 2007b. (co-authored with E. Sevi) Emergent effects of task interdependence and bounded rationality on workgroup performance. AIRS, Castel Ivano (TN, Italy) October 18-20.
23. 2007c. Organizations as cognitive systems: what do they process and deliver? AIRS, Castel Ivano (TN, Italy) October 18-20.
24. 2006a. (co-authored with R. Dandi) Understanding post-fordist evolution. SASE Annual conference in Trier (Germany), 30th June-2nd July.
25. 2006b. Inter-firm knowledge flows in innovation collaboration networks: an exploratory study in the aerospace metropolitan district of Rome. SASE Annual conference in Trier (Germany), 30th June-2nd July.
26. 2006c. (co-authored with R. Dandi) Measuring structural hierarchy in formal and informal networks. XVI ISA World Congress of Sociology, Durban, South Africa, 23-29 July.
27. 2006d. System identity and autonomy of an international research team: a case study in self-observation. XVI ISA World Congress of Sociology, Durban, South Africa, 23-29 July.
28. 2006e. Outranking Methods: A Pillar for Evolutionary Economics. XVI ISA World Congress of Sociology, Durban, South Africa, 23-29 July.
29. 2006f. (co-authored with A. Sammarra, R. Dandi e C. Muzzi) The identification of innovation catalysts in the triple helix: empirical evidence from the aerospace sector in central Italy. XVI ISA World Congress of Sociology, Durban, South Africa, 23-29 July.
30. 2006g. (co-authored with E. Sevi) The effects of relational complexity on group performance. Results from an agent-based simulation model. XVI ISA World Congress of Sociology, Durban, South Africa, 23-29 July.
31. 2005a. (co-authored with A. Sammarra, R. Dandi e C. Muzzi) The identification of Innovation Catalysts in the Triple Helix: Empirical Evidence in the Aerospace Industrial Cluster in Central Italy. Triple Helix Conference, Turin (Italy), 18-21 May.
32. 2005b. (co-authored with A. Sammarra, R. Dandi e C. Muzzi) Patterns of Knowledge Transfer in the Aerospace Industrial Cluster in Central Italy: Methodological Aspects and Empirical Results. Triple Helix Conference, Turin (Italy), 18-21 May.
33. 2005c. (co-authored with G. Iazzolino e D. Laise) On Multicriteria Business Performance Measurement. 2nd International Conference on Enterprise Systems and Accounting (ICESA), Thessaloniki (Greece), 11-12 July.
34. 2005d. (co-authored with E. Sevi) The Effects of Relational Complexity on Group Performance. Paper presentato al Symposium on Socio-cybernetics dell'European Systems Science Union a Parigi, 19-22 settembre.
35. 2005e. (co-authored with A. Sammarra, R. Dandi e C. Muzzi) Imprese, istituzioni e processi innovativi. Un'analisi relazionale delle collaborazioni per l'innovazione nel cluster aerospaziale del Lazio. Paper per il Workshop di Organizzazione Aziendale.
36. 2004a. Western European Local Production Systems Under the Pressure of Low-Cost Economies and ICT: Looking for a Relocation Theory. Reading, giugno.

37. 2004.b (co-authored with A. Sammarra, R. Dandi e C. Muzzi) Dalla gerarchia “comando e controllo” all’organizzazione partecipativa: il ruolo dell’Information and Communication Technology”, articolo presentato al 5° Workshop dei Docenti e Ricercatori di Organizzazione Aziendale, Roma, 5-6 Febbraio.
38. 2004.c (co-authored with A. Sammarra, R. Dandi e C. Muzzi) Le tecnologie di comunicazione ed il cambiamento organizzativo: l’introduzione dell’e-mail nell’Agenzia delle Entrate, articolo presentato al 5° Workshop dei Docenti e Ricercatori di Organizzazione Aziendale, Roma, 5-6 Febbraio.
39. 2004. A. Sammarra, C. Muzzi & R. Dandi. Organizational Consequences of E-mail Adoption and Diffusion: Theoretical Issues and Empirical Results. Paper presented in eChallenge 2004 (IST-EU), Vienna 27-29 October.
40. 2003. (co-authored with A. Sammarra, R. Dandi e C. Muzzi) The Effect of Email Use and Adoption on Organisational Participation. Paper presented at the 19th EGOS Colloquium, Copenhagen, July 3-5.
41. 2001.a (co-authored with Alessia Sammarra) Identity, Cooperation and Learning in Local Production Networks. Paper presented at the EGOS 17th Colloquium, July 5-7 2001, Lyon, France.
42. 2001b. (co-authored with Alessia Sammarra) Similarity and Complementarity in Inter-organizational Networks. Paper presented in APROS, 3-5 December, Hong Kong.
43. 1999a. Participation in the Post-fordist Age. Paper presented alla Tilburg Conference
44. 1999b. Identity and diversity in inter-organizational networks, paper presented alla British Academy of Management, Manchester 1-3 September.
45. 1999c. The location of multinationals in industrial districts: the case of biomedical, paper presented to ESRI Thematic Research Workshop on Economic Actors, National Systems and International Contexts, 21-24 September 1999, Copenhagen.
46. 1999d. District identity: a model and a test, paper presented in NECSTS-99 Conference on Regional Innovation Systems, 30 September – 2 October, Donostia-San Sebastian (Spagna).
47. 1998a. Italian Industrial Districts: An Evolutionary and Institutionalist View. Paper presented at Triple Helix Conference (January). Available on web page.
48. 1998b. Faces of Constructivism: Steps toward an Epistemology of Management, paper presented al SOEIS meeting in Bielefeld (March). Available on web page.
49. 1998c. IOR: Theories in Comparison. Paper presented a EGOS (July). Available in my web page.
50. 1998d. Globalization and Self-organization: Consequences of Decentralization for Industrial Organization (co-authored with H.J.L. Voets). Presented at ISA (July). Available on web page.
51. 1998e. Organizational Lego: Ways of De(re)composition. Paper presentato a EGOS (luglio). Available on web page.
52. 1998f. The Creation and Evolution of District Identity: Theoretical and Empirical Observations. Paper presented to LIUC Conference (November). Available on web page.
